Notes:	We carried out a repair on this unit in September 2014 and replaced the flue plates on the roof, there is now water ingress again and the customer does not think that we carried out any repairs on the roof. Please can you attend on Friday 23 rd October (the customer will be at the unit) and check the roof and establish where the ingress is coming from and if possible make repairs	
Description:	Done some extra Sealing to flue + ridge but can't see anything wrong Customer will check Customer Says Insurance company hasn't received a Bill?
