Problem

1: All of the heaters throughout the van - one in the lounge, one in the hallway, spare bedroom and the walk in wardrobe are not working. ✓

2: Twin bedroom door is catching on the frame/ carpet. ✓

3: Main side door needs adjusting. ✓

Boiler Information:  
Morco GB24AAZ2097470014291

Reported by Charlotte @ Purn International

Notes: Good Morning Keith, all of the above jobs have been attended but not resolved by ABI. ✓  
 The toilet is also loose and rocking but ABI will be attending this week. ABI have said they will attend to the Main door that needs adjusting, but Adrienne has requested that you have a look and fix it if you can. We are not too sure who commissioned the van, and are in the process of finding out. Could you please have a look for a certificate..... discreetly (in the boiler cupboard) and let us know. Thank Debs
