

Memo: Re - Will-3237

Date 19.10.17

Steve,

Re our telephone conversations today about the plastic shower frame trim on the Willerby Lyndhurst at River valley Country Park at TR20 - 9ER - Plot Cream 5

If you can find a swift van that your think has the same shower trim can you get a serial number/ some photos, we can then submit an enquiry into Swift to see if we can get a part number from this part from them and order it and get it send it to the park for them to fit.

I will be on leave so if you can speak to one of the ladies and ask them to deal with it.

Thanks Lorraine

Have taken from Swift Baritz
