**Problem**

Quote to replace damaged panels after fire Good Morning Duncan, The above unit is on our Brightholme site on BHM21 and has suffered some external damage on the end panel from a recent fire. I was wondering if you could take a look at the photos and advise if you could arrange for this to be fixed. I can't imagine it would be a repair job more of a replacement panel? Just looking for your thoughts if that's ok. Look forward to hearing from you Notes: Assessment for replacement rear panels and access for repairs <div style="display: flex; justify-content: space-between; margin-top: 20px;"> <span style="font-size: 1.2em;">Back panels</span> <span style="font-size: 1.2em;">Gas Regulation to renew (flex pipes)</span> </div>
