Problem

Quote to replace water stained ceiling boards

I would like to enquiry as to the works and cost that would be needed to rectify a couple of issues which one of our owners is having with their caravan please.

No.92 Gulland View has developed a wet patch area on the ceiling above the microwave area in the kitchen. They have also got several marks in the master bedroom, on the ceiling which trails into the ensuite area. It would be good to understand what causes these marks and what is required to sort please.

Thank you,  
Hilary

Notes: Assessment required for repair quote

Details of Work Done

Kitchen above microwave is water stained from outside source  
 Nothing obvious to see. Ceiling boards x 2 in kitchen to be replaced. Then will be able to see where water ingress is and be fixed.  
 Main Bed has brown marks on x2 ceiling boards probably not water related but fault in ceiling board manufacture and has worked its way through to face
