Problem

customer has advised The way the kitchen cupboards, doors and footboards have been left after the manufacturer removed the dishwasher & washing machine is unacceptable: they need to be returned to a usable condition as cupboards with doors

Hi Chris,

When your guys arrive to do the work on the cupboards, could they fix the extractor fan vent flaps? These things are utterly dreadful: they flap in the slightest breeze and cause noisy chaos when it's properly windy. So bad, it keeps up awake at night.

steve/Duncan fitted cupboards 8-1-25, other parts now received.
